## **Topics for discussion**

- NAP4 check in
- Planning for public workshop for 22 June

## **Notes**

- Separate budget lines for OGP would increase visibility
- Probus Club meeting on 18 June an opportunity to test different methodology of idea gathering – in person, hard copy
  - Question for Probus meeting: what would you add and what does that look like?
- TKM needs to sequence the refreshing of the EAP in 2022 – retaining experience while bringing in fresh thinking
  - Add some officials to the EAP eg Treasury
  - Peak body for reach eg Hui E!
- Need to be aware of recent OIA commentary and Minister of Justice's comments and reflect them in the process
- Look for an opportunity for a CSO-led (or co-led) commitment
- Look for narrow specific commitment as well as wider-reaching
