

**Te Kawa Mataaho**  
Public Service Commission

2 July 2021

9(2)(a) privacy

Dear 9(2)(a)

**Official Information Request**  
**Our Ref: OIA2021/0046**

I refer to your official information request received on 6 May 2021 for:

*“all advice and correspondence both internal and with the minister’s office relating to the extension of the public service pay restraint”.*

On 1 June 2021 we wrote to notify you of an extension of the time to make our decision, to **2 July 2021**. The extension was necessary because your request captures a large quantity of information and consultation with a number of parties was needed to make a decision on your request, therefore a proper response could not reasonably meet the original time limit.

**Information being released**

On 5 May 2021, following a Cabinet decision on 12 April 2021, the Minister for the Public Service issued a [Government Workforce Policy Statement](#) (Workforce Policy) setting out the Government's expectations of how it wants the Public Service and most other public sector agencies to effectively manage employment relations.

The Workforce Policy sets out the Government’s expectation that the Public Service is an exemplar employer, one which uses modern, progressive employment practices, and is a great place to work. It also wants a productive unified workforce which is grounded in the spirit of service.

To achieve these goals, the Workforce Policy has four key workforce priorities:

- Employ people fairly, equitably and in a way that allows them to live good lives and participate in the economy.
- Work collaboratively with unions and other groups to achieve shared goals.
- Create an inclusive environment for all workers with the aim of achieving a diverse workforce.
- Achieve the goals within the fiscal context of the Government.

The final priority is particularly important in the COVID-19 environment and the public sector needs to be mindful of the fiscal context the Government is operating in.

With these fiscal conditions continuing, the Government has been clear that pay restraint needs to continue to be exercised across the Public Service for the foreseeable future.

To help agencies to give effect to the Government's expectation of pay restraint, the Public Service Commissioner issued [Public Service Pay Guidance](#) to Public Service agencies on how he expects they will approach these matters. He has asked other public sector organisations to take the same approach.

Please find listed in the table below reports and advice that relates to the Government Workforce Policy Statement and the Public Service Pay Guidance that was announced and released on 5 May 2021.

We will be publishing these documents on Te Kawa Mataaho Public Service Commission's website and providing you with the link to the location by **8 July 2021**.

Item	Report Number	Document Description
